

Beach Hotel
DHIGURAH

Beach Villa
DHIGURAH

Fact Sheet

Opening July 2023

Welcome to Maldives!

Where you can walk barefoot on a white sandy beach, with the sunrays in your eyes and where the fish happily spins into the warm waters of the Indian Ocean.

The **Beach Hotel Dhigurah** is situated on the beautiful island of Dhigurah in the South Ari Atoll. It is composed of **two contemporary buildings** that are separate yet connected at the same time. It is directly accessible from Male's Velana International Airport by both air and sea.

Located exactly inside the **SAMPA - South Ari Marine Protected Area**, a one-of-a-kind location in the world where **Whale Sharks** are spotted all year long.

Dhigurah means "long island" because it is over 3 kilometers long. It's an island to be thoroughly enjoyed, thanks to its magnificent natural beaches and the numerous activities and excursions available all over.

Beach Hotel DHIGURAH

The **Beach Hotel Dhigurah** is another property of the group **Maldives Hotel Management**, a joint venture company established with the aim of creating an innovative hospitality formula: providing a product capable of guaranteeing international service standards while safeguarding all the typical elements of an experiential vacation on a Maldivian local island.

The **BHD** is made up of **two** adjacent and connected **buildings with 15 rooms each**, located directly on the island's most beautiful **Bikini Beach**. The first section, which will include a **restaurant, beach bar and sports bar, SPA, gym, and multifunctional terrace**, will open in July 2023. The second section will be completed by the end of the year as well. There is also an excursion center, a dive center, and a water sports center for your convenience.

The **BHD Villa** consists of **6 bungalows**, and relative restaurant, located directly **on the beach**, which is not yet a "bikini beach", facing the oceanic reef. Since MHM took over, the property has been refurbished and upgraded.

Our full-board guests at the BHD Villa can enjoy breakfast and dinner served directly at the facility. Instead, they will be able to use all of the BHD's services, amenities, and beach for lunch and the rest of the day. There will be a connecting shuttle service available.

Our Rooms

The Beach Hotel Dhigurah has **18 Ocean View** rooms and **12 Garden View** rooms. All rooms are decorated in a modern and functional style, with natural wood furniture and parquet floors, and are equipped with all modern conveniences for a pleasant experience.

The **Ocean Views** are 25 square meters in size on average, with a magnificent balcony directly overlooking the sea from which to admire the **marvelous Maldivian sunset**. The entrance has an antiqued ceramic floor, a large wardrobe, a luggage rack, and access to the ultra-modern and comfortable bathroom. The room has a king-size double bed, a desk, and a bar cabinet. A magnificent window leads to a balcony with a very comfortable daybed round sofa. They can accommodate up to three adults or two adults and a child.

Garden View rooms average 21 square meters in size and have large windows that look directly onto the island's lush nature. They can accommodate a maximum of two adults. Available in both double and single bed solutions. This room type also has similar furnishings and equipment in every way to the Ocean Views.

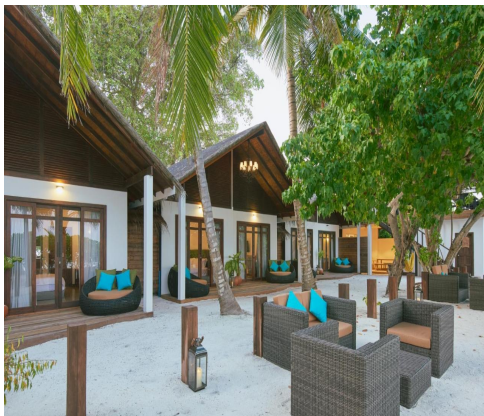

Available as well 3 **Family Rooms**, a combination of Ocean View and Garden View connected by a common entrance.

Room's amenities:

Smart TV with cable channels, A/C, Desk, Wardrobe, Telephone, Free Wi-Fi, Parquet floor, Safety box, Kettle, Coffee & Tea, Drinking Water, Multi-plug sockets. Minibar and Laundry service at extra payment.

On the ocean side of Dhigurah, the **BHD Villa** features 6 bungalows that face the beach directly, allowing guests to delight in the **stunning Maldivian sunrises**. They recently underwent renovations that improved the original aesthetic while keeping the local architecture intact. Above all, we have preserved the peculiarity of these rooms: letting the view stray directly over the vastness and hues of the Indian Ocean.

The luxuriant foliage all around keeps the rooms cool, but they also come with all the modern conveniences, such as air conditioning and a minibar. They can accommodate a maximum of 2 adults by hosting them in a comfortable "king bed". The open-air bathroom is an extra gem available to our guests. A daybed round sofa located on the veranda and rattan lounges on the beach complete the furnishings.

Room's amenities:

Smart TV with cable channels, A/C, Desk, Wardrobe, Telephone, Free Wi-Fi, Parquet floor, Safety box, Kettle, Coffee & Tea, Drinking Water, Multi-plug sockets. Minibar and Laundry service at extra payment.

BHD Beach Restaurant

The Beach Hotel Dhigurah **main restaurant** also admits outside customers. It is one of the most well-liked destinations for visitors staying in other facilities because of its ideal location on the shoreline, which provides constantly shifting colors and feelings at any time of the day. There are two options available to guests of the Beach Hotel Dhigurah: they can choose the bed-and-breakfast formula and utilize the restaurant's à la carte service, or they can select the cost-effective half-board or full-board combinations with the mixed service formula, which includes an appetizer and dessert buffet and a main course served à la carte from the Chef's suggested selection of the day.

Breakfast includes:

Hot drinks: Tea, Milk, American Coffee

Cold drinks: Water, Juices and Milk

Continental Buffet: Toast, Jams, Spreads, Fruits and Yogurt

Extra charge:

Espresso Coffee, Cappuccino, Omelets

BHD Sport bar

The sale and consumption of alcoholic beverages is strictly prohibited in Dhigurah, as in all local Maldivian Islands. At the **Sport Bar**, you may choose from a large selection of **soft drinks, smoothies, and mocktails** with typically tropical flavors to enjoy with our **snacks, light meals, salads**, and much more from early afternoon to late at night. The authentic **Italian espresso** is a must-have, and other delicacies like our **ice creams**, homemade or packaged, can be enjoyed at any time of day on their own or with fresh fruit. This building was primarily designed as a gathering place for people to socialize while watching sporting events on the giant screens mounted on the walls. Connected to the Sport Bar is also our gym.

BHD Villa Restaurant

The BHD villa's "**al fresco**" restaurant is situated on a panoramic terrace next to the bungalows. You can indulge in the morning buffet here. Nevertheless, for dinner, you can select from a special menu that also features traditional Thai meals. Lunch, on the other hand, will be served at the BHD.

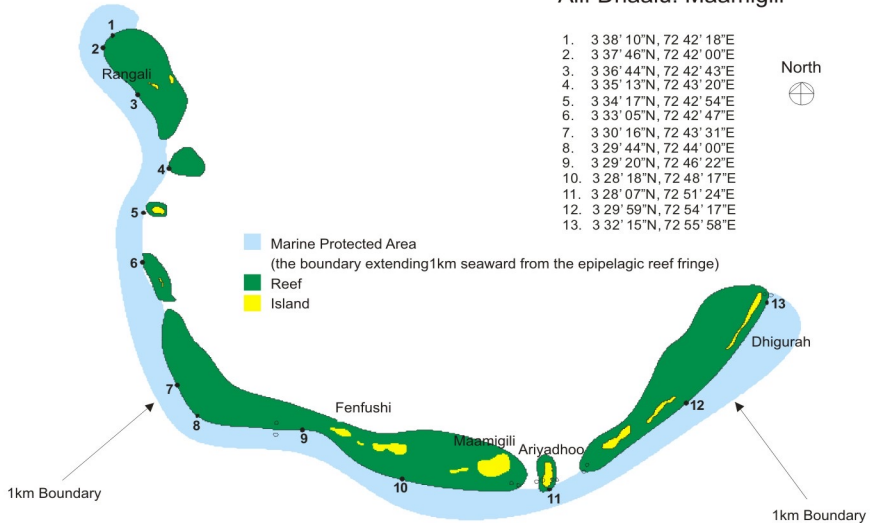

Upon request, romantic dinners under the moon can be organized either on the terrace or on the beach right in front.

SAMPA – South Ari Marine Protected Area

Alif Dhaalu. Maamigili

SAMPA is the largest marine protected area in the Maldives and is one of the most spectacular places in the world to view and swim with **Whale Sharks** throughout the year.

SAMPA is a non-governmental organization that promotes sustainable tourism activities aimed at protecting the delicate Maldivian environment and the communities that reside there. On June 5, 2019, it was officially recognized as a Marine Protected Area by the Maldivian government.

SAMPA has mainly three objectives:

- 1) To protect and preserve an important aggregation area of Whale Sharks (*Rhincodon typus*) in the Maldives.
- 2) To promote and ensure a long-term conservation and protection programs for the South Ari Atoll Ecosystem.
- 3) To generate an income for local islands based on sustainable tourism and a scientific project and research facility to involve local communities in environmental conservation initiatives.

Experience the Island Life

Choosing to spend your holidays on a local Maldivian Island does not only have to do with your wallet. It is a much more immersive vacation mode, allowing you to dive into the turquoise waters of our beaches but overall into the social life, mostly unknown, of the native population.

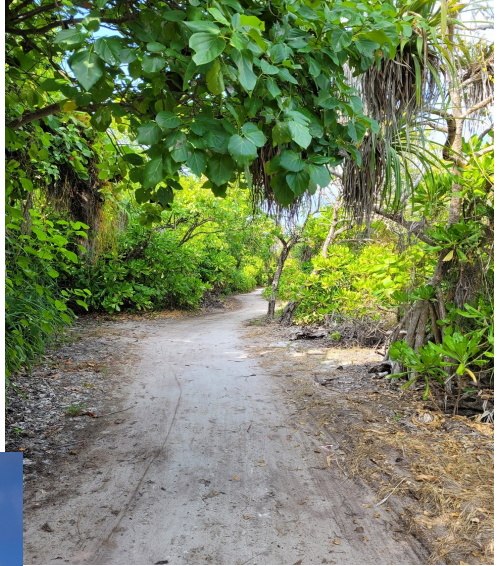

Dhigurah also boasts a natural beauty that is unique among Maldives islands. The village was only constructed in the first plot of the island because of its elongated nature, leaving the rest untouched. In addition, due to the lack of cars and especially thanks to the residents, most of its territory has been preserved. Even just strolling around among the houses, one difference from other islands is immediately noticeable: the softness of its sand!

Dhigurah Adventures

From forest to sandbank

Exploring the island is essential in Dhigurah. Not simply roaming the village streets in search of local events, boutiques, or pleasant nooks, but especially **adventuring** the path across the island and through the forest to reach the stunning sandbank at the opposite end of the island. The walk is a couple of kilometers long, and during that time we first encounter the local farms producing the fresh fruits on our table. Then we enter the actual forest; most of the Maldivian lush

vegetation's plants are visible here. In the meantime, we alternate between the two extremely long beaches: on the West side, facing the lagoon which is a bikini beach, and the East side, which is close to the Oceanic reef. Being in the center of a forest, beneath swaying palms, cradled by the breeze and, as it surrounds, the rhythm of the waves, is an unparalleled sense.

This appears across your eyes as the forest comes to an end:

There are no wild animals in the Maldives, therefore those who are more timorous should not worry. The only "beasts" you might come across are the shy and friendly lizards.

Finally, if you are tired and thirsty, there is a refreshment point run by locals at the forest edge, just before the sand bank, where you can enjoy a coconut or a drink.
